■ Macroeconomic environment

World economic growth continued at a moderate pace in H2 2015 and H1 2016, despite episodes of rising uncertainty focusing alternatively on the situation in emerging countries and political risk in Europe.

The US recovery lost some steam at the end of 2015 and at the beginning of 2016, largely due to the higher dollar and the negative spillover of low oil prices on investment in the energy sector. Yet growth remained positive and there were tangible signs of at least a short-term rebound starting from Q2 2016. However, after very significant progress in previous years, the trend in the labour market showed tangible signs of deceleration.

The Greek crisis of the summer of 2015 and the doubts surrounding emerging countries' growth prospects at the end of 2015 and at the beginning of 2016 had little impact on economic growth in the Eurozone. The recovery accelerated moderately at least until Q1 2016, while becoming more broad-based thanks to a rebound in investment in Germany and France and the easing of austerity policies in peripheral countries. The labour market also improved progressively, although from very low levels in some countries. However, at the end of H1 2016, the outcome of the British referendum on leaving the European Union opened a new chapter of uncertainty.

In the emerging world, situations continued to vary widely across countries. Overall, pressure rose in H2 2015 due to the economic slowdown in China, falling oil prices hurting exporters and fears of capital outflows related to the increase of US policy interest rates. However, from the middle of Q1 2016 on, the reversal of these factors (rebound in oil prices, better Chinese statistics, prudent communication from the Fed) made room for stabilisation and even improvement in some countries. During the period, a number of large emerging countries (Brazil and South Africa in particular) also went through major political crises.

■ Fixed income markets

Bond yields of the major developed countries declined sharply over the period. Yield spreads between major Eurozone countries also declined. In Europe, the dominant factor was the implementation of the ECB's bond purchase programme, which was announced in March 2015 and strengthened in March 2016, together with new policy rate cuts. In the US, the very prudent communication by the US Federal Reserve, despite its first policy rate increase in this cycle in December 2015, helped prevent any increase in US government bond yields, which were also contained by the influence of very low European yields. The doubts that appeared at the beginning of 2016 over world growth prospects, and, from the spring of 2016 on, the uncertainty related to the UK referendum, were additional factors of decline. At the end of the period, European yields were at record lows (with the German 10-year yield in negative territory for the first time) while US yields were at multi-year lows.

■ Equity markets

Equity markets have twice been on a downtrend over H2 2015 and H1 2016. The first downswing, related to the devaluation of the RMB (August 2015), ended at the end of September. The second one started in November 2015 and was due mainly to the first Fed rate hike of this cycle in December 2015 and a further devaluation of the Chinese currency in early January 2016. The end of the oil price collapse from February 2016 on has helped equity markets to revive. However, in the spring of 2016, some weakness appeared again ahead of the UK referendum on the EU. Over the period, the best performer has been the US market (S&P500, +1.7%), followed by the UK market (FTSE100, -0.3%), Pacific ex Japan (MSCI index, -9%), Emerging markets (MSCI index, -14% in USD), the EMU (MSCI index, -14%), and finally Japan (Topix, -24%).

1 INTRODUCTION

Amundi Funds (the "Fund") is organised as a "Société d'Investissement à Capital Variable" ("SICAV") under the laws of the Grand Duchy of Luxembourg. The Fund, initially Groupe Indosuez Funds FCP, an unincorporated mutual investment fund ("Fonds Commun de Placement") created on 18 July 1985, was transformed, in accordance with Article 110 (2) of the law of 30 March 1988 on Undertakings for Collective Investment, and renamed GIF SICAV II on 15 March 1999. The deed of transformation and the Articles of Incorporation (the "Articles") were published in the Mémorial, Recueil des Sociétés et Associations on 28 April 1999. The name of the Fund was then changed to GIF SICAV on 1st December 1999, to Crédit Agricole Funds on 8 December 2000 and to CAAM Funds on 1st July 2007. As at 2 March 2010, in accordance with the decision taken by the shareholders in the framework of the Extraordinary General Meeting held on 23 November 2009 and with the decision of the Board of Directors taken on 23 December 2009, CAAM Funds was renamed Amundi Funds.

The amendments to the Articles have been published in the Mémorial, Recueil des Sociétés et Associations respectively on 14 January 2000, on 17 January 2001, and on 13 June 2007 for the first three name changes and on 3 April 2010 for the last one. A latest amendment to the Articles has been made on 14 March 2012 and has been published in the Mémorial, Recueil des Sociétés et Associations - C, number 943 and dated 12 April 2012. The Fund is subject to Part I of the amended law of 17 December 2010 on Undertakings for Collective Investment (the "2010 law").

2 PRINCIPAL ACCOUNTING CONVENTIONS

■ PRESENTATION OF THE FINANCIAL STATEMENTS

The Fund's financial statements were prepared in accordance with the legal and regulatory provisions in force in Luxembourg concerning undertakings for collective investment.

The financial statements are presented on the basis of the latest Net Asset Value ("NAV") calculated during the financial period/year. In accordance with the prospectus dated June 2016, the NAV were calculated using the latest market values and exchange rates known at the time of the calculation meaning:

- For all sub-funds: 30 June 2016.

In the annual report as at 30 June 2016, the sub-funds merged or liquidated during this year were shown separately in the Statement of Operations and Changes in Net Assets and were included in the combined figures.

- **Cross Sub-Funds investments** - As at 30 June 2016, the value of the investments made by sub-funds in other sub-funds of the SICAV amounts to EUR 513,974,389.54 corresponding to of 1.61% the total net asset value. Therefore, the total combined NAV at period end without those cross investments would amount to EUR 31,476,349,253.46.
- **Securities portfolio** - Transferable securities listed on a Stock Exchange or on a regulated market are valued at their last known price. When these prices are not representative or when securities are not listed, they are valued at their reasonably probable realisation value, determined with care and in good faith by the Board of Directors.
- **Conversion of items expressed in foreign currencies** - The Fund's financial statements are expressed in Euro (EUR). Net assets of each sub-fund expressed in foreign currencies are therefore converted and combined in EUR at the exchange rate in force at the close of the financial period. Transactions and acquisition costs for portfolio securities expressed in foreign currencies are converted into the accounting currency of the sub-fund concerned at the exchange rate in force on the date of transaction or acquisition, as appropriate. Valuation values for securities in the portfolio and of other assets and liabilities expressed in foreign currencies are converted into the accounting currency of the sub-fund at the exchange rate in force at the end of the financial period. Currency differences resulting from these conversions are recorded in the Statement of Operations and Changes in Net Assets.
- **Return on investments** - Dividends are entered as yields on the date when they are declared and in so far as the appropriate information can be obtained by the Fund. Interest is accrued on a daily basis.
- **Distribution of costs and expenses** - Each sub-fund is charged with costs or expenses specifically attributable to it. Costs and expenses not attributable to a specific sub-fund are distributed between the sub-funds on an equitable basis, in proportion to their respective Net Assets.
- **Repurchase agreements** - Repurchase agreements (Repos) are equivalent to borrowings guaranteed by underlying assets presented in the securities portfolio of the sub-fund which remains exposed to market risk. Reverse Repurchase agreements (Reverse Repos) are similar to guaranteed loans. In this case, the sub-fund is not subject to the risk of depreciation in the value of the underlying assets. Repos and Reverse Repos are regarded as borrowings and loans, respectively, of the sum of liquid assets received and/or paid.
- **Futures contracts** - Unexpired futures contracts are valued at their last known price on the date of valuation or on the closing date and unrealised appreciations or depreciations resulting from them are recorded in the Statement of Net Assets.
- **Forward foreign exchange contracts** - Unexpired forward foreign exchange contracts are valued at the exchange rates applicable on the valuation date or on the closing date and unrealised appreciations or depreciations resulting from them are recorded in the Statement of Net Assets. In the Cash sub-funds, the unexpired forward foreign exchange contracts are valued with the linearisation method.
- **Valuation of options** - Options officially listed on a stock market or any other regulated market, operating in a regular manner, recognised and open to the public, are valued on the basis of their closing prices on the valuation day or, in the absence of such prices, on the basis of the last-known prices available. If these last-known prices are not representative, the valuation will be based on the probable realisation value estimated by the Board of Directors with prudence and in good faith. Currency options are valued at the market value.
- **Swaps** - The Fund is authorised to enter into volatility swaps, correlation swaps, credit default swaps, total return swaps, inflation swaps, asset swaps or interest rate swaps. Except for the interest rate swaps included in the Net Asset Value of the Cash EUR and Cash USD sub-funds, interest rate swaps, volatility swaps, correlation swaps, variance swaps, credit default swaps, total return swaps and inflation swaps are recorded at market value based on the valuation elements laid down in the contracts. The unrealised net gain is included in the item "Unrealised net appreciation on swaps" in the Statement of Net Assets and the unrealised net loss is included in the item "Unrealised net depreciation on swaps" in the Statement of Net Assets.
- **Money market instruments** - For the money market instruments, the accretion (difference between cost and amortised value), is reported under "Net change in unrealised appreciation/(depreciation) on investments" for securities held. If the instruments have been sold or reimbursed, this result is considered as "Net realised profit/(loss) on securities sold".
- **"Net realised profit/(loss) on securities sold"** - The "Net realised profit/(loss) on securities sold" figure of the Statement of Operations and Changes in Net Assets is reflecting the difference between the cost and proceeds from securities sold, including the market as well as the currency impacts.
- **Transaction costs** - The transaction costs include broker fees and fees charged by the custodian for securities and derivatives transactions. The broker fees are excluded from the cost of securities and derivatives purchased and sold. All these fees are recorded under caption "Broker and transaction fees". Refer to note 14 which describes the reception and transmission of orders fees.
- **Contracts for difference** - Contracts for difference are valued based on the closing market price of the underlying security, less any financing charges attributable to each contract. Upon entering into contracts for difference, the SICAV may be required to pledge to the broker an amount of cash and/or other assets equal to a certain percentage of the contract amount ("initial margin"). Subsequently, payments known as "variation margin" are made or received by the SICAV periodically, depending on fluctuations in the value of the underlying security. During the period, contracts are open, changes in the value of contracts are recognised as unrealised gains and losses by "marking to market" at each valuation point in order to reflect the changes in the value of the underlying security. Realised gains or losses upon closure of the contract are equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed. The open contracts for difference are included in the Statement of Net Assets on the basis of the Unrealised Gain/(Loss) attributable to each contract as at the end of the period. Dividends attributable to open contracts for difference are also included in the value of the Unrealised Gain/(Loss) at the end of the period. The contracts are subject to a daily financing charge and income, usually applied at a previously agreed rate, which is accounted for as interest income for short Contracts for Difference, and as interest expense for long Contracts for Difference positions.

4 MANAGEMENT FEES, ADMINISTRATION FEES AND DISTRIBUTION FEES

Fee structure - The Administration fee is a fee expressed as a percentage of the NAV of the sub-funds and classes of shares, including all the administrative expenses of the Fund.

Such fee includes the remuneration of the Administration Agent, Domiciliary Agent, Transfer Agent and Registrar for its services rendered to the Fund, the remuneration of the Custodian for its services rendered to the Fund as well as all other administrative expenses incurred in the operation of the Fund including but not limited to:

- the fees of auditors and legal advisers of the Fund (including costs associated with compliance with legal and regulatory requirements);
- the cost of translation, printing and distribution to investors the annual and semi-annual reports, the prospectus of the Fund and of the Key Investor Information of each class of shares and any supplement thereto as well as any notice to the Investors' attention;
- any costs related to the information of the shareholders including costs related to the publication of prices of shares in the financial press, the production of information material for the subscribers and distributors;
- any fees and expenses involved in registering and maintaining the registration of the Fund with any governmental agency or stock exchange and to comply with any regulatory requirements and the reimbursement of such fees and expenses incurred by any local representative;
- the fees of any local representative/correspondent, of which the services are required pursuant to the applicable law;
- the costs related to extraordinary measures, in particular any expertise or trial aiming at the protection of the shareholders' interests;
- the costs related to the translation, distribution and publication of any notice to the shareholders.

The Administration fee is payable monthly in arrears to Amundi Luxembourg S.A. and is calculated each day for each sub-fund and each class of shares.

From such fee, Amundi Luxembourg S.A. will pay the fees of the Custodian, the Administration Agent, the Domiciliary Agent, the Transfer Agent and the Registrar and the administrative expenses of the Fund.

The Management fees applicable for the year ended 30 June 2016, expressed in percentages of the NAV, are payable quarterly to Amundi Luxembourg S.A. and calculated each day for each sub-fund on the basis of the daily NAV of each class of shares at the below rates per annum.

The Management Company is responsible for paying commissions to Investment Managers.

In addition to the management fees paid by the Fund to Amundi Luxembourg S.A., the sub-funds investing part of their assets in other UCI's are also subject to the management fees charged to those sub-funds, except for cross sub-funds investments.

The Distribution fees are calculated and accrued on each Dealing Day at the below rates per annum and are payable quarterly in arrears to Amundi Luxembourg S.A. Amundi Luxembourg S.A. is responsible for the payment of fees to Distributors.

The Management Company can further decide to pay remuneration to Distributors out of its own fees.

The Management fees, Administration fees and Distribution fees, expressed as a percentage of the NAV, are set out in the following schedule.

6 TAXATION OF THE FUND - TAXE D'ABONNEMENT

The Fund is further liable in Luxembourg to a tax of 0.05% per annum in respect of the Equity sub-funds, Bond sub-funds, Indexed sub-funds and Absolute Return sub-funds (except on investments by these sub-funds in other undertakings for collective investment established in Luxembourg for which no tax is applied) and of 0.01% per annum in respect of the Cash sub-funds, the M classes Category, the I classes Category and the O classes Category of all the sub-funds ("Taxe d'Abonnement"), such tax being payable quarterly on the basis of the NAV of the Fund at the end of the relevant calendar quarter.

The benefit of the 0.01% per annum Taxe d'Abonnement is available to those Shareholders admitted in the M classes Category, the I classes Category and the O classes Category on the basis of the Luxembourg legal, regulatory and tax provisions as these are known to the Fund at the time of admission of an Investor in such class of shares. However, no guarantee can be given for the past and for the future and such assessment is subject to interpretations on the status of an eligible Investor in the M classes Category, the I classes Category and the O classes Category by any competent authorities as will exist from time to time. Any such reclassification made by an authority as to the status of an Investor may submit the entire class of shares to a Taxe d'Abonnement rate of 0.05% per annum.

In accordance with the article 175 e of the 2010 Law, the Indexed Sub-Funds are exempted from the "taxe d'abonnement" as there are Sub-Funds:

- (i) whose securities are listed or traded on at least one stock exchange or another regulated market operating regularly, recognised and open to the public; and
- (ii) whose exclusive object is to replicate the performance of one or more indices.

7 MASTER-FEEDER STRUCTURE

Amundi Funds Bond Global Total Return

Since 24 July 2015 Amundi Funds Bond Global Total Return and Amundi Oblig Internationales have entered into a master-feeder structure by which Amundi Funds Bond Global Total Return (the "Feeder Fund") will invest at least 85% of its net assets in units of Amundi Oblig Internationales (OR-D class) (the "Master Fund"), a Société d'Investissement à Capital Variable constituted under French laws and qualifying as a master UCITS under Directive 2009/65/EC. The residual 15% of the net assets of the Feeder Sub-Fund will be invested in liquid assets and financial derivative instruments for hedging purposes only.

As at June 30, 2016, Amundi Funds Bond Global Total Return holds 0.03% of the Master Fund.

The objectives and investment policy of the Master Fund are as follows:

- The investment objective Master Fund is to outperform the JP Morgan Global Government Bond Index Broad index, which is representative of the international bond market over an investment period of three years, after taking into account charges.
- To achieve this objective, the investment manager invest up to 100% of the net assets in
 1. bonds or convertibles bonds issued or guaranteed by OECD member states;
 2. Investment Grade rated non-government OECD bonds or convertibles bonds;
 3. ABS/MBS rated AAA by Standard & Poor or Aaa by Moody's at the time of acquisition and keeping a minimum rating of AA (Standard & Poor's) or Aa2 (Moody). The Sub-Fund may invest both in MBS secured by residential mortgage loans which are issued or guaranteed by, or secured by collateral which is guaranteed by the U.S. Government/U.S. Federal Agencies (i.e. Ginnie Mae, Freddie Mac, and Fannie Mae), and those which are not issued or guaranteed by the U.S. Government/U.S. Federal Agencies (i.e. privately issued or non-Agencies). Other ABS are backed by various types of assets such as automobile and credit card receivables, student loans or other types of receivables.
- The Master Fund offers active management on the interest-rate and foreign-exchange markets.
- The Master Fund may also invest in Money Market Instruments, up to 10% of its net assets in Units/shares of UCITS and/or other UCIs, deposits.
- The Master Fund may enter into temporary acquisitions and disposals of securities. Financial derivative instruments, including credit derivatives (single issuer Credit Default Swaps and Credit Indices Default Swaps such as "Itraxx" and "CDX") will be used an integral part of the investment policy and strategies, for hedging and/or for exposure and/or for arbitrage purposes.

As at June 30, 2016, Amundi Funds Multi Asset Global holds 7.70% of the Master Fund.

The objectives and investment policy of the Master Fund are as follows:

- The objective of the Master Fund is to outperform the EONIA Capitalized index by more than 2.5% per annum, over an investment horizon of 3 years, before taking into account charges.
- In order to achieve its objective, the investment manager may implement, among others, the following approaches:
 1. global geographical allocation;
 2. diversification strategies;
 3. arbitrages, strategic and tactical positions on equity, rates, convertibles bonds and currency markets as well as on the volatility, equities indices, interest rates and currency levels.
- The investment manager may invest:
 1. up to 100% of the net assets in bonds issued or guaranteed by OECD member states,
 2. up to 50% of the net assets in Investment Grade rated non-government OECD bonds, in Investments in collateralized debt instruments which may include different types of Asset Backed Securities (ABS) and Mortgage Backed Securities (MBS) rated AAA by Standard & Pools or Aaa by Moody's, and commercial mortgage-backed securities ("CMBS"). The Sub-Fund limits its investments to collateralized debt instruments with a minimum Standard and Poor's rating of AAA.

The Sub-Fund may invest both in MBS secured by residential mortgage loans which are issued or guaranteed by, or secured by collateral which is guaranteed by a Government or a State Agency, and those which are not issued by a Government or a State Agency (i.e. privately issued or non-Agencies). CMBS are backed by one or more commercial or multifamily mortgage loans. ABS other than MBS and CMBS are backed by various types of assets such as automobile and credit card receivables, student loans or other types of receivables.

3. up to 20% of the net assets in High Yield bonds.

- The sensitivity will range from -2 to +7.
- The investment manager may also invest in equities of all sizes of capitalisation with no distinction regarding sector and geography. The exposure of the Master Fund to the equities will fluctuate within a range from -10% to +30% of the net assets.
- The investment manager may also invest in Units/shares of UCITS and/or other UCI for up to 10% of its net assets.
- The Master Fund may enter into transactions for temporary purchases and sales of securities. Financial derivative instruments, including futures, options, forwards, warrants, swaps, credit derivatives (single issuer Credit Default Swaps and Credit Indices Default Swaps such as "Itraxx" and "CDX") and other derivatives will be used an integral part of the investment policy and strategies for hedging and/or for exposure purposes.

Amundi Funds Patrimoine

Since 28 April 2014 Amundi Funds Patrimoine and Amundi Patrimoine have entered into a master-feeder structure by which Amundi Funds Patrimoine (the Feeder Fund) invests at least 85% of its net assets in units of Amundi Patrimoine (the "Master Fund") (OR class), a mutual fund constituted under French laws and qualifying as a master UCITS under Directive 2009/65/EC.

As at June 30, 2016, Amundi Funds Patrimoine holds 15.81% of the Master Fund.

The objectives and investment policy of the Master Fund are as follows:

- The investment objective of the Master Fund is to outperform by 5% year-on-year the EONIA compounded, an index representative of the money-market rate in the Eurozone, after deducting on-going charges.
- Considering the investment objective, the performance of the Master Fund cannot be compared to any relevant index.
- To achieve this investment objective, the management team of the Master Fund, based on its macroeconomic analysis and its monitoring of the valuation of classes of assets, implements a flexible conviction-based management seeking to optimise at any time the return-to-risk ratio. The allocation of assets is built on the basis of the team's projections regarding the various markets and the level of risk presented by each asset class. The diversified reactive management make it possible to become adapted to the movements of the market in seeking sustainable performance. This allocation takes place through an active and direct selection of target UCITS and/or securities by using all the styles of equity products, bonds of any rating, money-market or currency products.
- The global exposure of the Master Fund to the equity and currency markets will fluctuate for each of these markets within a range from 0 to 100% of net assets. The modified duration of the bond and money-market portion will range from -2 to +10. The Master Fund may trade in all geographic areas and make investment choices in all sizes of capitalisation. The Fund is exposed to currency risk.
- The Master Fund may enter into transactions for temporary purchases and sales of securities. Financial derivative instruments, including credit derivatives (single issuer Credit Default Swaps and Credit Indices Default Swaps such as "Itraxx" and "CDX"), may also be used for hedging and/or for exposure and/or for arbitrage and/or to generate overexposure and thus expand the exposure of the Master Fund to more than the net assets.
- The Master Fund's net income is automatically distributed as its net realised capital gains are automatically reinvested or distributed each year. The residual 15% of the net assets of the Sub-Fund will be invested in liquid assets and financial derivative instruments for hedging purposes only.

Amundi Funds Target Coupon

Since 28 April 2016 Amundi Funds Target Coupon have entered into a master-feeder structure by which Amundi Funds Target Coupon (the "Feeder Fund") will invest at least 85% of its net assets in units of Amundi Revenus (the "Master Fund") (OR class), a mutual fund constituted under French laws and qualifying as a master UCITS under Directive 2009/65/EC. Therefore the investment policy of the Sub-Fund shall be read in conjunction with the prospectus of the Master Fund, the objectives and investment policy being the following. The residual 15% of the net assets of the Feeder Fund will be invested in liquid assets and financial derivative instruments for hedging purposes only.

As at June 30, 2016, Amundi Funds Target Coupon holds 0.22% of the Master Fund.

The objective of the Master Fund is to exploit yield premium from a broad investment universe, primarily bonds, using a flexible conviction-based management.

Considering the investment objective, the performance of the Master Fund cannot be compared to any relevant index.

To achieve this investment objective, the investment manager of the Master Fund analyses all types of investment opportunities, primarily on the international bond markets, with diversification on the currency or equity markets. It seeks out and selects securities and instruments based on their potential to generate income so as to be able to distribute regular returns. The amount of the distributed income will be set annually by the management company based on the expected returns of the assets in the portfolio.

The chosen assets focus on public and private bonds from all geographical areas denominated in OECD member currencies. Bonds will be selected based on the judgement of the investment manager with respect to the internal credit risk monitoring policy. The investment manager of the Master Fund will not exclusively or automatically rely on agency ratings when making this selection and may opt for securities of all ratings, including securities known as "high yield", which may be speculative in nature.

The Master Fund will invest in bonds and money market instruments at least 70% of the net assets. The investment manager may invest in equities of all sizes of capitalisation with no distinction regarding sector and geography. The exposure of the Master Fund to the equities will fluctuate up to 20% of the net assets. The global exposure of the Master Fund to the currency market will fluctuate within a range from 0% to 100% of net assets.

The Master Fund may also invest in ABS/MBS up to 20% of the net assets and in units/shares of UCITS and/or other UCI up to 10% of the net assets.

The Master Fund may enter into transactions for temporary purchases and sales of securities. Financial derivative instruments, including credit derivatives (single issuer Credit Default Swaps and Credit Indices Default Swaps such as "Itraxx" and "CDX"), may also be used for hedging and/or for exposure and/or for arbitrage and/or to generate overexposure and thus expand the exposure of the Master Fund to more than the net assets.

12 OTHER INCOME

Amounts of other income in the Statement of Operations and Changes in Net Assets include mainly revenues from securities lending and recovery of provisions on performance fees.

13 OTHER EXPENSES

Balances for other expenses in the Statement of Operations and Changes in Net Assets mainly include other taxes and costs from securities lending.

14 RECEPTION AND TRANSMISSION OF ORDERS FEES

Reception and transmission of orders fees are :

- paid to Amundi Intermediation or to Amundi (UK) Ltd, for their services rendered to sub-funds managed by Amundi which consist in centralizing orders and in supporting their best execution.
- accrued daily and paid quarterly on the basis of the transactions handled by Amundi's related parties.

Compared to an investment manager negotiating transactions on his own, the centralization of order enables namely to negotiate better prices with the brokers thanks to an increase of transactions volume, to have access to a larger number of brokers and to more market information, to benefit from the know-how of trading specialists and dedicated trading controllers.

These fees are recorded under caption "Reception and transmission of orders fees" in the Statement of Operations and Changes in Net Assets.

15 STATEMENT OF PORTFOLIO MOVEMENTS

Details of movements of securities in the portfolio for the financial year ending 30 June 2016 may be obtained free of charge on request at the Fund's registered office and the Hong Kong representative office.

The list of the portfolio changes can also be obtained free of charge at the Paying and Information Agent's office in Germany and at the Representative's office in Switzerland.

16 OPERATION WITH RELATED PARTIES

The related parties, in their capacity as brokers, may also carry out operations or invest in currencies or other financial products on behalf of each sub-fund for which the related parties act as broker or on their own behalf or as counterpart for their clients, including cases where the related parties or their clients are able to carry out transactions on their own behalf at the same time as on behalf of each sub-fund. The transactions as listed on the table have been entered into ordinary course of business and on normal commercial terms.

The Fund considers that the commissions, premiums and reductions billed by related parties will be competitive, even though it is in the interest of the related parties to obtain favourable commission rates, together with premiums and reductions for each sub-fund.

During the year, transactions for a total amount of EUR 27,984,552,857.15 i.e. 29.84% of the total transactions carried out over the period, were carried out by such related parties.

During the year ended on 30 June 2016, Amundi Funds carried out transactions with related parties amounting to:

INTEREST RATE SWAPS

The Fund has concluded Interest rate swap contracts in which the counterparties exchange respective engagements for the payment or receipt of interest on a specific nominal reference amount. These amounts are calculated and booked for every time the NAV is calculated. The interests receivable are included in the item "Interest receivable" of the Statement of Net Assets and the interests payable are included in the item "Other liabilities" of the Statement of Net Assets.

23 SECURITIES BORROWING

As at 30 June 2016, no securities borrowing is allowed in the Fund.

24 SWING PRICING

Since January 2016, a Swing Pricing policy has been implemented in the Fund.

Significant net inflows or outflows in a Sub-Fund cause the Investment Manager to trade the Sub-Funds' securities, thereby incurring trading costs.

With Swing Pricing, a Sub-Fund's Net Asset Value per share is adjusted to account for trading costs incurred where shareholders' subscriptions or redemptions activity exceeds a Sub-Fund's predetermined threshold. Swing Pricing is a mechanism of valuation which adjusts (swings) a Sub-Fund's Net Asset Value per share to account for these trading costs.

The aim is to protect the interests of non-dealing unitholders by ensuring the unitholders making significant subscriptions or redemptions contribute to the cost of their transactions.

Market conditions, trading costs and other Sub-Fund's data are used by the Management Company to determine which Sub-Fund's Net Asset Value per unit may be affected by Swing Pricing, and the appropriate threshold and swing factor to be applied for each Sub-Fund. These are reviewed by the Board of Directors of the Management Company on a periodic basis.

During January 2016 – June 2016, Swing Pricing adjustments were applicable on the Net Asset Value per unit of the following Sub-Funds:

- Amundi Funds Bond Global Emerging Blended
- Amundi Funds Convertible Credit
- Amundi Funds Convertible Europe
- Amundi Funds Bond Global Emerging Corporate
- Amundi Funds Convertible Global
- Amundi Funds Bond Euro Aggregate
- Amundi Funds Bond Euro Corporate

- Amundi Funds Bond Global Corporate
- Amundi Funds Bond Europe
- Amundi Funds Bond Global Aggregate
- Amundi Funds Bond Global
- Amundi Funds Bond Global Emerging Local Currency
- Amundi Funds Bond Global Emerging Hard Currency

The swing amounts posted for the year ended as at 30/06/16 are booked in the "Statement of Operations and Changes in Nets Assets" under "net subscriptions/redemptions".

No swing price adjustments were booked for the Net Asset Value per share as of 30 June 2016.

25 SUBSEQUENT EVENTS

As at 8 July 2016, the sub-fund Amundi Funds Index Global Bond (EUR) Hedged will be renamed Amundi Funds Index Global Bond.

In issuing the new prospectus of the SICAV dated September, 2016, the Board aims to propose an offering documentation that follows the objective to ensure easier access to information, give better visual cues and provide more accessible and clearer language which can do more to inform investors and shareholders. To achieve such a result, the Board decided to completely restructure and rewrite the prospectus, while making sure that the SICAV and each Sub-Funds' characteristics remain unchanged (beyond any change that was communicated through a notice to shareholders). Shareholders are invited to read the new prospectus to get acquainted with the prospectus new format and presentation of the SICAV and sub-funds' key features.

Audit report

To the Shareholders of
Amundi Funds

We have audited the accompanying financial statements of Amundi Funds and of each of its sub-funds, which comprise the statement of net assets and the securities portfolio as at 30 June 2016 and the statement of operations and changes in net assets for the year then ended, and a summary of significant accounting policies and other explanatory notes to the financial statements.

Responsibility of the Board of Directors of the SICAV for the financial statements

The Board of Directors of the SICAV is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the financial statements and for such internal control as the Board of Directors of the SICAV determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibility of the "Réviseur d'entreprises agréé"

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier". Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the judgment of the "Réviseur d'entreprises agréé", including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the "Réviseur d'entreprises agréé" considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors of the SICAV, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of Amundi Funds and of each of its sub-funds as of 30 June 2016, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the financial statements.

Other matters

Supplementary information included in the annual report has been reviewed in the context of our mandate but has not been subject to specific audit procedures carried out in accordance with the standards described above. Consequently, we express no opinion on such information. However, we have no observation to make concerning such information in the context of the financial statements taken as a whole.

PricewaterhouseCoopers, Société coopérative
Represented by

Christophe Pittie

Luxembourg, October 26, 2016

To the shareholders of Amundi Funds

We hereby confirm that, in our opinion, the Management Company of the Fund, has in all material respects, managed Amundi Funds in accordance with the provisions of the legal documentation of the Fund, as amended, for the year ended 30 June 2016.

For and on behalf of
CACEIS Bank Luxembourg S.A.

If required by the Law, notices to shareholders will be published in the Luxembourg "Mémorial", the Luxemburger Wort and in such other newspapers as the Directors may determine.
